Prof. Ignaz Goldziher,  
Budapest,

Dear sir,-

It is at the suggestion of Prof. Richard Gottheil of New York that I am writing this letter to you, in order to ask a very great favor of you. I am about to continue the publication of Ibn Tag̃iri Bir̃di's "An Nujūm az-Zāhirā", beginning with the year 305A.H., and I would like to ask you to permit me to send copies of the proofs to you; and any corrections of text readings or other suggestions you might care to make I shall be glad to use and to acknowledge properly. The work is to appear as part of the University of California Semitic Series, the printing being done by Brill of Leyden; the first fascicle will contain about 100 pages, carrying the history down to the year 411A.H.

Thanking you in advance, I am  
Very truly yours,

William Pepper.
