

The Madras
Calcutta

April 14. 1880

My dear Professor Goldziher,

I am sending you by
this mail a little book
which has just been
lithographed in Hyderabad.

I was in a manner partly
responsible for the production
of this edition, as the MSS.

on which it is based were
opened to me for sale some
years ago and instead of
buying the MSS. I persuaded
the owner to set them
published.

I take the liberty of sending
you the book because I
thought it very likely that
you would never hear of

its publication.

You will be interested to hear
that I am printing from
an unique MS. which I
purchased in India, the
Marham ul-Ilal ^{مَرْحَمُ الْإِلَالِ}
of the Imām Yāfi'ī. The
first fasciculus will be ready
in a week or so, and I shall
then have much pleasure in

Sending you a copy.

I have lately been trying to
do something here to revive
the memory of the great
Kőrösi Csoma; and I have
been immensely gratified
by the numerous kind letters
I have received from all
parts of Hungary, thanking
me for what I had done.

With kind regards

I remain

Yours sincerely
Edenborough
