Feb. 15. 1908.

Dear Professor Goldziher,

Very many thanks
for your kind congratulations,
which gave me particular pleas-
ure.

I fear our work must
be put aside for a week or
two, as I have a nasty attack
of influenza, and, even if I
manage to get convalescent, I
must first finish the work
entrusted to me by the Ministry,
to be ready by March 1. But I
fear the majority of that work
must be done by others, as I have
not yet been able to touch it,
and March 1. is only fourteen
days distant.

With kind regards

Yours sincerely

Arthur-B. Golland
