Dear Professor Goldziber,

May I ask you, as a special favour, to write a short article for the next number of the "Hungarian Spectator"; on "Baháism & its Prophet"? I should

be awfully grateful to you. I hope to make this little review a serious periodical, able to render good service to the mutual understanding of Hungary and English-speaking nations.

Thanking you in anticipation, with my respectful compliments to Mrs. Goldziber, and my kindest regards,

Yours sincerely

Arthur B. Yolland
