 April 20 1913

Dear Professor Goldziber

Many thanks for your kind letter, and for the kind message of sympathy contained therein.

I will try to get at the article you mention; though, to tell the truth, what I really wanted was an original article by you. I am trying to make the "Hungarian Spectator" a really high class periodical (we hope to publish it monthly from June 1), and to that end am endeavouring to secure as contributors some of the most eminent men in Hungary.

With my respectful compliments to Mrs. Goldziber, and my kindest regards to yourself

Yours sincerely

Arthur B. Golland
