Dear Prof. Lukacs,

We have recently begun a new serie of booklets called CADERNOS DE LITERATURA. These are small booklets intended as a taste of different opinions on different aspects of literature on presenting small texts or essays by literary people. We hope these booklets will stimulate the reader to more extensive reading on any given topic.

We would very much like to make a "caderno" of two chapters in your book published by GIULIO EINAUDI, Italy, titled IL MARXISMO E LA CRITICA LETTERARIA: Una discussion epistolare tra Anna Seghers e George Lukacs (pag. 378) and Lo scrittore e il critico (pag. 416).

We plan an edition of 3000 copies and a cover price of Esc. 20\$00. Please let us know as soon as possible on what conditions we may reproduce the chapters. When considering our request we would like you to keep in mind that we are not asking for exclusive rights. Our publication of these two chapters does not prevent that your book is published in its entirety at some other date here in Portugal.

We look forward to hearing from you soon,

Lukacs Arch

Dear Prof. Lukács,

Thank you very much for your kind letter of December 18th.

We are today sending the contract as well as the fee to Artisjus as indicated. The fee is what one might call nomenal but in view of the cover price and the fact that we are not asking for the exclusive licence we feel sure you will think it reasonable.

Very soon we shall be sending you the copies of the booklet.

We thank you for your kind cooperation and wish you the very best continuation in the New Year.
