

Dear Mrs Burnham and Mr. Brodsky,

According to informations received by me from the United States, you have undertaken<sup>n</sup> the defense of Miss Angela Davis. In connection with her case and with the wide movement of protest against it unfolding in Europe, I would like to inform you about the followings:

1.) I am sending you herewith the text of protest against her persecution drafted by me and then circulated among prominent Eastern and Western European intellectuals, with the complete list of those who have already signed it. The text (entirely or in an abridged version) and the name of its signators ~~was~~ was published, as to my knowledge, in the following papers: .....

2.) According to my knowledge defense in a long-lasting trial in the United States is extremely expensive. I am ready <sup>if and if is needed convenient</sup> at any moment to initiate a campaign of collection ~~in~~ in the above circles by offering a sum of 2000 ~~US \$~~ US \$ for the expenses of the trial. I would be grateful to you for indicating whether and when this sum and this kind of activity were needed and convenient.

3.) I think that the publication of works written by Miss Davis would be a contribution to the campaign for her defense. (I have heard that she had written a treatise on Kant's ~~xxx~~ aesthetics and one on modern novel). I am sure that I can place these works - if she agrees with their publication - in West-Germany, Italy, Hungary etc. with publisher. If she wishes - and if I can agree at least with the general outlines of these works - I am ready also to write a foreword to any or both of them. Please, consult this question, if possible, with Miss Davis and if she is in accordance with the idea, I request you to

send me the manuscripts as soon as possible.

\*x 4.) I would be grateful to you <sup>if you</sup> could send me continued information about the course of the trial.

Most of this information and requests I had already communicated to Mr. Herbert Aptheker and it is possible that he had conveyed them to you. But I thought it would be better to establish a direct contact and with your help perhaps a more direct contact with Miss Davis herself.

With warm regards
