Mr. Georg Lukacs
c/o The Academy of Science
Budapest, Hungary

Dear Mr. Lukacs:

I am planning to be in Budapest between the 10th and 13th of January, 1971, and would be most appreciative if I could speak with you at that time. I am conversant with your works and would be most delighted to meet you. Several Hungarians living in the United States suggested my contacting you.

I am an Assistant Professor in the English Department at Franklin Pierce College and most recently have developed a program in African literature here.

Would you be so kind as to inform me whether a meeting could be arranged during my stay in Budapest.

Thank you very much.

Sincerely,

Donald Burness
