Baywater, London

November 27/85

Dear Sir,

Some years ago I sent you a series of chapters on Ceremonial Institutions which were being simultaneously published here as well as in various continental countries. I am about to publish here and elsewhere on the first of January ¹⁸⁸⁴ the inclosed article entitled "Religious Retrospect and Prospect;" and it has occurred to me that you

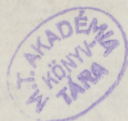

might like it for your
periodical, so that it may
be independently published by
you at the same date.

If you find room
for it I should be glad
if you would forward me
a copy of the number
containing it.

I am

Faithfully yours
Herbert Spencer
