Dear Sirs,

One of our clients, an important Spanish publisher, is interested in the rights for Spanish publication of your work *IL MARXISMO Y LA CRITICA LETTERARIA*. In fact, we asked Editorial Einandi for your work, but they informed us that they only hold the Italian rights. Are you administrating these rights yourself or may we approach Artis Jus?

If you will let us handle these rights, would you kindly let us have a copy of the work in English, French or Spanish and an option of several months. We shall then gladly submit to you the best offer we can obtain, and should you agree, send you the contract with the publisher for your signature.

Our agent's commission is the usual one of 10%.

Awaiting your news at your earliest convenience, we remain, dear Sirs,

Yours sincerely,

Dr. Hugo Lifezis
