

Monday evening

Dear Professor Lukacs,

If you are staying  
in Stockholm for some part of Tomorrow (Tuesday)  
I would like to meet you.

I am British but  
am working in Sweden writing journalism  
for money and poetry for pleasure. When  
your Socialist Realism theory was published  
I was very interested in it but found certain  
fallacies. I discussed these fallacies with  
Kettle at Leeds by letter and have often  
talked over the theory with Hugh MacDiarmid  
in Edinburgh.

I should like to  
meet you if you have any spare time. I  
realise of course that you are very busy.  
~~but~~ If you have time tomorrow please  
let me know by telephone 68 54 69  
tomorrow morning and I will come to  
meet you.
