 Budapest, Hungary.

My dear Prof. Goldziher:

I have your card of May the 14th. I was so glad to get word from you after this silence of so many months. In regard to the Bustan al-Ukul I shall have Mr. David Levine, who is publishing the volume give you the necessary information. I shall always be glad to render any service to you which lies in my power.

I am glad to know that you have written at least two articles for the encyclopedia and I shall do my best to see that your wishes in regard to them are carried out. We are becoming from much pressed for space, as you can imagine that the work grows on our hands.

The last year has been a very trying one for us all. I was myself at death's door last July in Kreuznach and a few weeks ago I had the misfortune to lose my father. You will understand that under these conditions I have not been able to do much and I am sadly in need of a rest. We leave on June the 11th for Paris where my address is as usual care of Lazard Freres, 17 Boulevard
