Florence. Oct. 25. 1904.

My dear Dr. Goldziher,

Do you perhaps know in what volume of the Z.D.M.G. there appeared an article upon the course of Studies pursued in the al-Azhar at Cairo. I remember the article, but can not put my hand upon it. It dealt with the text-books read there. May I ask for an answer either to the "Hotel de Russie" Rome or to me, care of Thomas Cook and Son, Cairo? We leave Naples on Nov. 11th. I hope you were pleased with your trip to the United States. With very cordial regards from Mr. Gottheil and myself,

Ever faithfully yours

Richard Gottheil.
