Honored Sir,

Your article for the Kohler Memorial Volume, "Die Zurückweisung der Seele," has been received by me with much pleasure. I know it will add very much to the value of the contemplated volume. The article will appear in German, just as you have written it. We will see that the Arabic is correctly printed.

Unless you inform me otherwise, I will read all the proof myself.

Permit me in conclusion, while thanking you for the article, to also congratulate you most heartily upon the celebration of the fortieth anniversary of your connection with the University.

With every expression of esteem, I am,

Sincerely yours,

Julian Morgenstern.
