2 Oct. 1913

Dear Professor Goldziter

I imagine that I am  
 meeting your wishes in sending you  
 as early as possible the embound  
 sheets of Irshād VI - which its  
 Editor considers the best Vol. of all  
 having regard to the notes therein  
 - e.g. Shaf'i & Jābir &c  
 You will notice that pp 249-272  
 are wanting: these will reach you

later direct from Dr. A. Wiener  
 (Johann Georg Strasse 16, Berlin-Halensee)

In I have sent them to him to enable  
him to utilize the help of Taniūkh,  
contained in them, for his article on  
the 'Faraḡ ba' al Shiddā' in 'Istamī'.

The J. R. H. S. will, of course, be  
anxious to again have from your  
pen a review of this, the last, Vol. of  
Text, & we can undertake, as before,  
to prepare an English version of  
your copy for your revision.  
The final Vol. is to contain a full  
life of the author, Analytical Index  
& Glossary -

I hope that your health is good,  
& that these loose sheets may serve  
on some Railway journey. A full  
bound Vol. will, of course, reach you  
later - probably in Nov.

I wish you could examine, &  
deal with the B. M. Ms of the  
عبدالله عيسى of Ghazālī, for  
it might contain much of interest to  
you

Believe me  
Yours truly  
H. F. Amiroz
