Dear Dr Macdonald:

I have your note of the 5th in reference to Goldziher. He did not request any reprints, therefore it will be impossible for us to give him any at this stage. I do not know what the reason is for his not receiving the three volumes of the published proceedings, unless of course it is the slowness of his Commissioner General at Vienna, Count von Stibral. It might be well for Goldziher to write to the Exposition Department of the Imperial Royal Ministry of Commerce at Vienna and ask why his books have not been forwarded to him.

Yours very truly

*Howard Rogers*

Dear Dr. Goldziher  
I have the above note from Dr. Howard Rogers. I am certain that I wrote to him at your request asking for reprints. You will find I think somewhere in one of my letters to you a statement to that effect and I am writing to Dr. Rogers to say so. I am very sorry that this confusion should have arisen.  
Yours faithfully,  
D. B. Macdonald
