Professor Ignaz Goldziher,

Holló-utca 4,

Budapest, VII.

Austria-Hungary.

50 Windsor Ave. Hafford,  
Cam., U.S.A. April 15<sup>th</sup> 1905.

Dear Dr. Goldfischer,

Did I thank you for  
Stamm's Maltesische Studien?  
It has come over me that I  
did not; I was so much taken  
up with your description of  
your ill-health. I do  
thank you now and most  
heartily.

I hope a copy of the Intern.  
Journal of Ethics has reached  
you with my education  
article. I told the publisher  
to send you one.

I have just applied to  
Houtsma asking if I could  
have the articles on 'Abd  
al-Qādir al-Gilani', 'Abd  
ar-Razzāq and Alf 'Aila  
wa-'Aila'. These were the  
only rubrics in the A Heft  
with which I seemed to  
have a connection. With  
best greetings faithfully yours,  
D. B. Macdonald.
