Professor Duncan B. Macdonald, D.D.

U. S. America

Pemaquid Point
Maine

Budapest, August 11th 1912

Dear Macdonald (I got your "African
Poetry" which I read some weeks before in the
J.R.A.S. As Sir Charles sent me a reprint of
his article I had occasion to precise in a card
my opinion about the question. - You read without
doubt the two papers I sent you combined
(under your Hartford-address), you see, which
profit I could take in the "Education"
from your works. These weeks I am
occupied with Koran-~~commentaries~~ exegesis.

The 15th we start for Holland where we will
attend the Congress of History of Religions.
Before the beginning of the Congress we
will stay some 10 days at Katwyk
aan Zee (porte rijk) near Leiden.

I hope you both are always well; I
cannot relate the same about my own
health. It will interest you, that a young
American lady is now preparing an English
translation of my Vorlesungen.

With many compliments to Mrs. Macdonald
from me and Mrs. Goldriber very yours
Trustfully
J. G. Williams
