Dear Sir,

Dr. Cyrus Adler of the Dropsie College, Philadelphia, writes me that he has received a letter from Prof. Gottheil, now at Paris, wherein he mentioned that you had expressed the desire of reading my work on the Jews in Egypt and in Palestine under the Fatimid Caliphs.

Under separate cover I have much pleasure in sending you a presentation copy in the hope that the volume may prove to be of some interest to you.

I may add that the second part, containing the Genizah texts, is now being printed by the Oxford University Press, but owing to shortage of Hebrew type the setting up progresses so slowly that I hardly think it will be published before December.

Assuring you of my very high esteem, I am  
 Sincerely yours  
 J. Mann.
