Dear Professor,

I have at present undertaken more works than one, most of them translations, and my English rendering of the late Prof. Tiele's (Leiden) "Iranian Religions" is appearing in the "Indian Antiquary".

Still I think I can do worse
than put off other works in
favour of your brilliant
"Entwicklung des Hadith".

I notice that your valuable
"Hadith and the New Testament"
has just been done into English
by one F. M. J.

I am not sure if I shall
easily get a publisher, but
before I begin the translation
I must ask your permission
and I hope I have your
approval. Do you intend

making

any addition or revision?

Though as a leader of Arabic
philologist your name is quite
familiar to me, it was not
till very recently that I
could learn of your address.

yours truly

G. K. Narimán

(Translator, Chief Court
Rangoon,
Burma).

To

Prof. Dr. I. Goldziher.

Budapesth.
