THE NEW ERA ILLUSTRATED MAGAZINE

No. 38 PARK ROW

NEW YORK. Feb. 24, 1904.

Dear Sir:-

We send you this day, under separate cover, our February number, which is the fourth to appear since the removal of the publication office to this city. The magazine has been under new management since last October, and we are, naturally, anxious to know whether our efforts in the direction of making it a good, wholesome periodical, of interest to Jewish readers, have been successful.

Your opinion is of value to us, and we should be glad to have your permission to publish it, together with that of other competent judges who have favored us with appreciative comments.

Yours truly,

The New Era Illustrated Magazine,
