Dear Professor Goldziher,

Many thanks for your post-card. The mistake (jiv for jiv) had escaped my notice, but fortunately there is still time for me to correct it in the proof-sheet; and I will do so at once. The Volume is to be published in February & you will then receive 10 offprints of your article. I hope that you are now in better health. Prof. Bevan asks me to send you his best wishes. He is now preparing an index to Sir C. Lyall's edition of the *Mufaḍḍalīyyāt*, of which the text & translation are almost ready to appear. With kind regards,  
Yours sincerely, R.A. Nicholson.
