Anno Domini 1641

Vti seculares Societ. nostræ Annus huic etiam Academiæ accidit auspicatus et publico ad plausum lato symbolico dramate de S. Patriarcha Ignatio subjectorum impensis ita hic quoq; primus ad stadium Gymnasium dehinc initium Annus Collegium et Universitas hæc nacta est. Rdum P. Petrum Bekesium, qui prioris Anni perfunctus Scholarum Professorum in ejus Rectoratum Mense Octobri

Anno 1640. Decedente et eodem officio haud mercicissimo illo, cum de Regno toto, cum Societate nostra, cum Academia hac Rdo P. Georgio Toro, qui senio debilitatis ad magna Reip: Christianæ commoda natis viribus liberationem præstit, qua imperatam gratia admodum valedicendæ integrum trahens Annum hactenus sane fuit mihi possim exterminum 1641 Mense Octobri die 18 cum ancora et laudabilis sermo parem facio ad lectos omnes ante ipsam mortem sermone spirituali, et ad consolandum in Mense celebratorio communi exercitio lachrymas te effudisti.

Cæterum novo solum proposito Academiæ Rectore mansit fere à priori Anno munere in Academia Professores pertinuerunt in Scholastica inquâ Professore scilicet P. Franciscus Pizzon ut anno Amplissimo Academiæ Cancellario, et altero P. Martino Palkovich Spectabili Theologiæ Doctore. Scripturam Sacram idem is qui ante Annum prælegit P. Casparus Comlus simul et Catechisticæ Academici retinens officium. P. Leonardus Lelinka, et P. Ioannes Kiraly antiquam in prælectionibus Cursibus obtinuere stationes. Nonus recens concreverat P. Nicolaus Vesselenyi in disparato cursu Metaphysicæ et Catechismus Hungaricus in exemplo demandatus est. Cursus Philosophicos actuales Professores et antiquis duos habuit P. Michaelem Tanny Metaphysicæ, et P. Lucam Kraiachich Physicum. Ad Logicam docendam ibuerat Græcio P. Dominicus de Paulis. Ad Ethicam, P. Franciscus Harrer Soricia missus. Mathesees vero Perpetuo tradita et P. Ioannis Sumereker hic ex 2do Theologiæ Anno adhuc sumpto.

Humaniores Classes pari processere passu. In Rhetorica oratoriam facultatem docuit M. Anconius Hainsling duobus quæ Annus hic Poëticen explicans hic ipse et discipulus Academiæ in Perillustri corona Illmi Archieppi, dominum Ipporum, et eloquium quam plurimorum Prælatorum initio studiorum prælusit. Ad Poësim docendam positus Magr Philiberius Pokabello absolutâ Rethorica Viennensi missus, vinacii et elegantî dictione professionem tam auspicatus est Lyricarum fidicinis Magr adhuc erat Postmus M. Michael Bekaria ed continuato Anni cursûs deinceps non potuit, per seriâ enim Paschales habitas decumbit Hungarico ad Sepulchrum in Templo nostro lecto compluribus septimanis mentem quadam quasi paralysi laborans effatus fuit nec usquam ad Scholarum finem potuit, ei proindè succenturiatus M. Michael Nagy hic Musicæ finem imponens. Grammatices Cathedram mediam tenuit P. Andreas Zednik Homonnea huc missus. Principia degit M. Ioannes Klobuchitzky, qui ex Schola sua Patronum B. Stanislaum Kostkam gratâ et elegantî Actiunculâ celebravit. In Schola Elementaria, licet varia fundamenta tradita, copiosa Discipulorum multitudine floruit ita ut ad 200 fere pertigerit numerus. M. Philippus Kaulitz

Cæterum tam prosperum studiorum cursum impedivit partim quorundam male moratorum Juventum licentiores ausus, partim Crudelis Senectus parum considerata præsumptio. Nam cum levi de causa exorta inter seminam quandam et Studiosum ex verbis ad verbera ventum fuisset, cum ac. currens alius quidam ignarus plane rerum ipsarum frameæus eamen in Curia publicam delatus fuit, et gravissima concordia in compedes ferreos conjecti sup-

po manibus pedibusq; constricti inhumana sane modo afflictari sunt, donec Mandato Palatinali carcere dimitti debuerunt. Horum innocentia et iuvenum Academicorum immunitas ad Sacram Maiestatem Cæsaream delata, et ab ea, dum assignati ex Proceribus Regni tam Ecclesiasticis quam Secularibus Regnicolis Comissarij controversiam revidere debent, clarescum sequens dabit Annus.

Alterum quod à discolis quibusdam Studiosis delictum fuerat debit occasionem Academiæ jurisdictionem sibi non rite publico exercendi. Deprehensi fuerant juvenes pene quingq; qui sæpe nocturnis peregrinationibus dediti, eandem etiam nefariis scelerat scortationibus, imò adulterijs rebe contaminarunt, super quos delata querela, ab Academia in carceres compacti sunt diesq; indutij dicta, in quo Judicio ex Magnatibus, Sacra Electoralis et Nobilium comparuere, supremum Judicis munus subiit, Spectabilis et Magnificus D. Dominus Daniel Eszterhazy. Graciam duo è Capitalibus noctis pridiana fuga elapsi, Judicij sententiam Evasere. In remanentes duos sontes, data sententia et pro gravitate Criminis, ne publicè ab ordinata ad id persona flagris cædantur, et per eam Aulam et fundum Academiæ nudis dorsis, et insuper Flagellione discruberentur, deinde ex Scholis Academiæ huius proscribantur. Quia tamen relatum è misericordia tunc interrogatoribus inexcusabilibus ipsismet Dnis Judicibus, Senatui Nonnullisq; et Patribus Franciscanorum, cæteris conventibus, et præcipuis ex Dnis Capitularibus condescensio facta est ad Academiam, ne publicata pœna per Judicium in publicam disciplinam in Aula Academica præsente Senatu Academico et coram Academia committatur. Hæc capiati pœna rei Adolescentes, in Academiæ graciam, et imminentes recepti sunt. Perduxit processus hic ex junibus sumandis Academiæ nostræ, et eorum, dacium in posterum innocentis.

Scholarum Humaniorum confusa exercitia solemnem tenuere cursum ova publicis sua privatis Declamationibus. Parentavit illmæ Comitissæ Christinæ Nyari Comitissa, Illmi Dni Regni Palatini Nicolai Eszterhazy, assistione publicâ ova Exequia sua sumptibus diviti. Ad D. Emerici festum applausum est Illmo Archieppo in Aula propria cum magna cius acceptatione, et Societis commendatione. Finem studiorum clausit P. Adalbertus Nanczyr ex Eppds. Illmo Archieppo prælaturam Strigoniæ obtinenti et in Sedem datus.

Anni huius initia difficillima fuerunt quia licet quievere libros
videremur, per horam illa pacis umbra fuisse, quam vera pax
opulenta fuit. Interim tamen redditum ad Musas, et quale quale
initium datum arcui Iaunensium. Rectus Collegij hoc anno constitutus
est R. P. Debrovsky, sed cum invidit fortuna huic Academiæ,
non multis gravissimis ita debilitabus est ut loco ejus P. Joh:
Lissay Vicarii è Regentibus Posnaniensi Seminarij adjunctus constitui
debuerit, Rectorij tam Collegij quàm Academici muneribus fulsit, cum
omni potestate, "cujus" plenarie gubernandi.

Hoc etiam anno reditum ad tempora Ps. Academiæ nitebatur,
nam cùm discipulis ultrò citrò Scholæ per tumultum bellicum dissipatis
coirent, sola Logica inchoata; aliisque cessus Conscientiæ. Decanus
Philosophiæ egit P. Franc. Dembsterus, simul et professorem Cursum,
alter uno eodemque discursu P. Bernardus Rossinger Logicam
incepit P. Joh: Nadasy. Rhetoricam P. Adamus Abrah. Pöschin
P. Ernestus Zeil. Syntaxin M. Joh: Georgius Vogesser. Grammaticæ
M. Ladislaus Gombor. Principia M. Paulus Bukaczki Ultima

Hæc quidem ita in exilium digressa diu permanere? potuerit
non immerito transferri in Vogesiam, ad finem Martij toto
tumultibus regno turbato, turbatâ etiam Musâ belli impatiente.
Tamen discipulos numerum qui tunc congregati magnam futuræ
horum spem promittebant abijere.
